Timothy Everest Cashmere Lined Gloves

20 December 2011, 15.00 | Posted in [Accessories](#), [Fashion](#) | [No comments](#) »

We've featured a few of those 'off down the woods to collect logs and hang with deer' gloves. The rough and tough variety that allow you to pretend to be hunter or competitive logger. Now we turn to something a little more refined.

Tailor Timothy Everest does a nice line in accessories, these gloves are our pick of the bunch. Hand made, hand stitched in England. Brown leather is trimmed with a bright yellow but behold the lining; purple Scottish cashmere no less. Too fancy for communing with wildlife.
